7/16-14Tx1-1/2L	FLANGE CAP SCREWS (6 REQ'D)
6230-8	FLANGE O-RING (1 REQ'D)

Flanged swivels will be provided with the companion flange of choice. For threaded companion flanges, specify if to be factory-installed on swivel or provided separately. Companion weld flanges are not factory installed provided separately. Cap screws and o-ring are included with companion flange.

Order must include a swivel type **and** type of companion flange. Combination companion flange thread sizes or weld flanges can be ordered.

Example: The SMAC-112FLN swivel can be ordered with a 2-inch companion flange, either threaded, socket-weld, or butt-weld. The SMAC-112FLN can also be ordered with a 1-1/2-inch companion flange, either threaded, socket-weld, or butt-weld.
